DETAILED ACTION

This office action is in response to applicants' communication filed on 5/23/05.

Claims 1-11 are pending in this application.

Information Disclosure Statement

1. The information disclosure statement (IDS) submitted on 6/21/05 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Claim Rejections - 35 USC § 102

2. Claims 1-11 are again rejected under 35 U.S.C. 102(b) as being anticipated by Bara(EP'913).

Applicants' arguments were fully considered and were not found convincing.

Applicants argue that Bara does not teach silicon oil, but instead teach silicon gum. The examiner would like to point out to page 2 of the translation submitted by applicants, wherein it is expressly suggested that silicon gum have the consistency of an oil.

Inasmuch as applicants have not clearly claimed particular oil having particular formula, instant claims are anticipated, absent evidence to the contrary.

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1621

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
